Quarter highlight

Industrial Engineering — 7 New Client Engagements

Our Industrial Engineering team added 7 new clients this quarter, supporting organizations across Automotive, Aerospace, Chemical, Electrical Equipment Manufacturing and Lift Manufacturing industries.

Laser Scanning & 3D Modeling — 4 Projects Completed

The team successfully completed 4 projects spanning Power Generation, Tyre Manufacturing and Historical Site 3D Scanning, further strengthening PMI's capabilities in reality capture and 3D modeling.

Simulation Modeling — 4 Major Projects Completed

Our Simulation Modeling team continued to work with a renowned Automotive MNC while successfully completing 4 major projects across industries including Automotive and Warehousing.

HR Consulting — Projects Delivered & New Leadership

The HR Consulting team completed 2 projects for clients in IT and Corporate Services. The quarter also welcomed Mr. Dhananjay Kumar Singh as Principal Advisor – HR Consulting, strengthening PMI's HR consulting expertise and leadership.
